Islesboro / Parker Cove

Site #	C-20
Strategy #	C-20-1
Port Region	Penobscot Bay
NOAA Chart #	13309
Latitude	
Longitude	
Water Depth Range	0 - 5'
Max Current Range	.2 knot @ mouth
Nearest Boat Ramp	3.5 NM to Castine
Response Strategy Type	Deflection
Type of Boom	Open Water
Total Length of Boom	7000 feet
Strategy Implementation	Deploy seven 1,000' lengths of open water boom across Parker Cove. Boom may have to be deployed from barge - otherwise, a distant land location.
Site Access	Isleboro Ferry landing on west side.
Staging Areas	May have to be from barge.
Collection Points	
Other Concerns	Very wide mouth, cove(s) would be difficult to protect. Sensitivity rating is suspect.
